

Tide International USA, Inc.

Contains the same
active ingredient
as AGRI-MEK®

Timectin™

Insecticide/Miticide

Low – Volatile Organic Compound (Low – VOC)

Abamectin Insecticide

Provides long lasting control of mites and insect pests including psyllids, leafminers and aphids. Registered on a wide variety of crops including vegetables, fruits, citrus and nuts.

Tide International USA, Inc. is committed to providing U.S. growers with quality post-patent agrichemicals at competitive prices. Ask your local agrichemical dealer about Tide products.

Timectin™

Insecticide/Miticide

Technical information for Timectin™ 0.15 EC AG & Timectin™ 0.15 Ornamental

Advantages of Timectin™ 0.15 EC

- Excellent formulation! Timectin™ is formulated with premium ingredients.
- CDPR Low-Volatile Organic Compound (Low-VOC)
- This is the same Tide Timectin™ EC formulation that has delivered proven performance for over 6 years.
- Available in two formulations.
 - Timectin™ 0.15 EC AG in one gallon containers, 4 per case.
 - Timectin™ 0.15 EC Ornamental in either one gallon or one quart containers.
- Timectin™ has a stable formulation: no degradation observed even after two years.
- Unlike many other Abamectin products, Timectin™ does not contain any n-methyl pyrrolidone, which is known by the state of California to cause birth defects and/or other reproductive harm.

Timectin™ 0.15 EC Ornamental

Timectin™ 0.15 EC AG

RESTRICTED USE PESTICIDE

Toxic to Fish, Mammals and Aquatic Organisms

For retail sale to and use only by certified applicators or persons under their direct supervision, and only for those uses covered by the certified applicators certification.

Agri-Mek is a trademark of Syngenta Group Company.
